Towards sustainable development in every nation...

1. **CLIMATE CHANGE (SDG 13)**

i. Improve education, awareness-raising and human and institutional capacity on climate change mitigation, adaptation, impact reduction and early warning. (Target 13.3 of UN SDG)

ii. Promote mechanisms for raising capacity for effective climate change-related planning and management in least developed countries. (Target 13.b of UN SDG)

2. **SUSTAINABLE CITIES AND COMMUNITIES (SDG 11)**

ii. Strengthen efforts to protect and safeguard the world's cultural and natural heritage. (Target 11.4)

iii. By 2030, reduce the adverse per capita environmental impact of cities, including by paying special attention to air quality and municipal and other waste management

Where our emphasis is on special air quality. (Target 11.6)

iii. Implementing integrated policies and plans towards inclusion, resource efficiency, mitigation and adaptation to climate change. (Target 11.b)

3. **LIFE ON LAND (SDG 15)**

i. Take urgent and significant action to reduce the degradation of natural habitats, halt the loss of biodiversity and, by 2020, protect and prevent the extinction of threatened species. (Target 15.5)

ii. Mobilize and significantly increase financial resources from all sources to conserve and sustainably use biodiversity and ecosystems. (Target 15.a)

7. **PARTNERSHIP FOR THE GOALS (SDG 17)**

i. Promote the development, transfer, dissemination and diffusion of environmentally sound technologies in developing countries on favourable terms. (Target 17.7)

ii. Enhance international support for implementing effective and targeted capacity-building in developing countries to support national plans to implement all the Sustainable Development Goals, including through North-South, South-South and triangular cooperation. (Target 17.9)

iii. Enhance policy coherence for sustainable development. (Target 17.14)

iv. Enhance the Global Partnership for Sustainable Development, complemented by multi-stakeholder partnerships that mobilize and share knowledge, expertise, technology and financial resources, to support the achievement of the Sustainable Development Goals in all countries, in particular developing countries. (Target 17.6)
